

Public Service Award Recipient

Cyndie Sanders

Senior Analyst

Human Resources & Risk Management, City of Westminster

Cyndie Sanders began her career with the City in 1996 and has been involved in all areas of the Human Resources & Risk Management Department. Currently, Cyndie has primary responsibility for the City's Risk Management program, handling employee Workers' Compensation claims, liability claims against the City and property coverage for City assets.

Cyndie has been heavily involved on the Board of the City's Liability Insurance Pool, working hard to develop pool policies and programs that are in the City's best interest. Cyndie aggressively protects the City's interests at all times, resulting in hundreds of thousands of dollars in savings to the City.

Cyndie is also very knowledgeable in the complexities of the City's retirement program. During the past year, the City processed a number of early retirements and Cyndie met extensively with each retiree, making sure that they fully understood the financial impact of their retirement decision.

Cyndie has established herself as someone employees and claimants can trust. Cyndie takes a personal interest in her work and goes out of her way to help educate the people she is working with. Cyndie is an excellent representative for the Human Resources & Risk Management Department and for the City of Westminster.
